

August 2022 – Attachment to the Country Pennant Rules

Approved by SWA Country Committee 11th August 2022

Multi Class Events in Country Pennants

In 2023 these events will be introduced into the CP program.

The MC events will consist of

1. Male & Female 50m events in Breaststroke, Freestyle, Butterfly, and Backstroke.
2. These events will be scheduled at the end of the Individual Stroke Events eg Event 140 50m Breaststroke then MC Female 50m Breaststroke (Prior to Splash & Dash)
3. There will be no MC Relay Events. MC Swimmers can be included in the Club relay team.
4. Medals will be awarded.
5. There will be no points awarded for these MC Events.
6. MC Events will not be mixed.

If the MC Swimmer and the Club they represent decide that they wish to nominate or nominate to be a reserve & compete in other individual events then they are able to do this and gain points for their Club.

But the Country Pennant rules state a “swimmer can only compete in Four (4) individual events”. This rule will be in place for MC swimmers as well.

For example a Swimmer is 12yrs of age and they represent a club in C Grade. They are the swimmer entered for the Event 176 12yrs and under 50m Freestyle C grade. The Swimmer is also nominated for the 4 individual MC events. The swimmer competes in Event 176. This precludes the swimmer from one of the four MC events they have nominated for (that’s if they have nominated for all four) - the swimmer has the right to choose which event they choose not to swim
