

## **Kalgoorlie 2024 Country Pennants Saturday 2nd & Sunday 3rd March 2024**

### **TECHNICAL OFFICIALS**

Country Pennants is an ideal meet for Technical Officials to continue their training and to be assessed to gain new qualifications. It is also essential that we have adequate Officials working to successfully run the meet.

We will have additional theory training courses running prior to and provide on deck training over the weekend for Technical Officials to continue their development. You will soon be asked to provide information on the courses you would like to attend and any practical assessments you require to complete previous courses. From this information we will program courses based on the requirements of our country based Technical Officials. Any queries on TO training can be directed to Kay Bolger via email: [Busybiz@rainbowis.com.au](mailto:Busybiz@rainbowis.com.au)

Can you please provide the names of Officials within your Club who are available to assist at the 2024 Country Pennants in Kalgoorlie by completing the details on the attached 'Officials Nomination Form'.

Please note that Officials shirts will only be provided to those who assist with a minimum of three sessions out of the six available over the two days.

Officiating appointments will be shared with those who respond with their details on the nomination form, prior to the commencement of Country Pennants 2024. The roster for the appointments will be the responsibility of the appointed Chief Referee for the meet. This year the Chief referee will be Jacqui McNamara.

Please return this form with your application to the CP Meet Committee by **30th November 2023** via email: [kascpennants@gmail.com](mailto:kascpennants@gmail.com)

Thank you

Kalgoorlie Swimming Club
