

Information for Basket Handlers

The 2020 Hancock Prospecting Australian Swimming Championships is an important pathway event for Australian swimming. The event will provide the opportunity for clubs around Australia to battle it out for bragging rights in the pool, with Australian Champion titles awarded in all events.

This is your member-exclusive opportunity to join your swimming heroes on pool deck and get up close to the action.

Swimming Australia are looking for Basket Handlers to help during all finals sessions of the Australian Swimming Championships. Playing a pivotal role in creating a high-performance environment for our athletes, Basket Handlers work as a team to move athlete equipment from pool deck to the athlete exit area, creating a seamless experience for our participants.

Each night, we're looking for 12 Basket Handlers who can assist for the duration of the evening finals session.

Basket Handlers will be provided:

- Souvenir iSwim t-shirt
- Light food prior to the session
- Two general admission tickets (one for the basket handler, and one for a parent/guardian)

Basket Handlers must bring/wear:

- Comfortable closed-in sneakers
- Club t-shirt (no singlets) and black unbranded sport shorts (no logos)
- Water bottle

Please note, Basket Handlers may register for one night only, must be able to stay for the duration of the finals session, and are not able to participate in any other activities at the event on the night they are selected for.

Basket Handlers will be required to meet at the **event entry** at HBF Stadium at 5.00pm sharp each night to allow time for a venue tour, practice session and a bite to eat. Finals will commence at 6.00pm, with the Basket Handlers concluding at the last individual race for night (Basket Handlers will not be required for relays) and will meet back at the event entry point to meet parents/guardians.
